FOR THE ROAD AHEAD

We've been crafting jackets that stand the test of time for over a century, and this year's lineup is no exception. From classic silhouettes to new takes on old favorites, every piece is built with the same grit, integrity, and attention to detail that put us on the map back in 1913.

Inside, you'll find a collection that's as reliable as it is versatile—designed to meet the demands of your customers, whether they're hitting the road, the streets, or just looking for something that'll last the test of time.

We appreciate your partnership and look forward to another year of doing what we do best—making gear that's ready for anything.

Here's to the road ahead,

Jason Schott, COO, Fourth Generation
